DEDICATION

We, the members of the class of 1971 would like to dedicate our yearbook to Mrs. Arena, a very special member of the Guidance Department, whose dedication to the students of Natick High has been overwhelming.

Mrs. Arena is an individual that almost all of us have come to know. She is someone who in the past three years has helped nearly everyone of us in some way. Mrs. Arena is not just the normal everyday secretary. She's the one person who has always been there to help every one of us with just about any problem we had. When Mrs. Arena didn't know the answer to our question she took the time and the effort to find the answer somewhere else. The class of 1971 feels that it is this extra dedication and effort that brings Mrs. Arena so close to us.

We wish to express our deepest gratitude to Mrs. Arena for all she has done. We just want to say an extra-special "Thank You for caring." And as a symbol of our appreciation and love we dedicate the 1971 Yearbook to her.

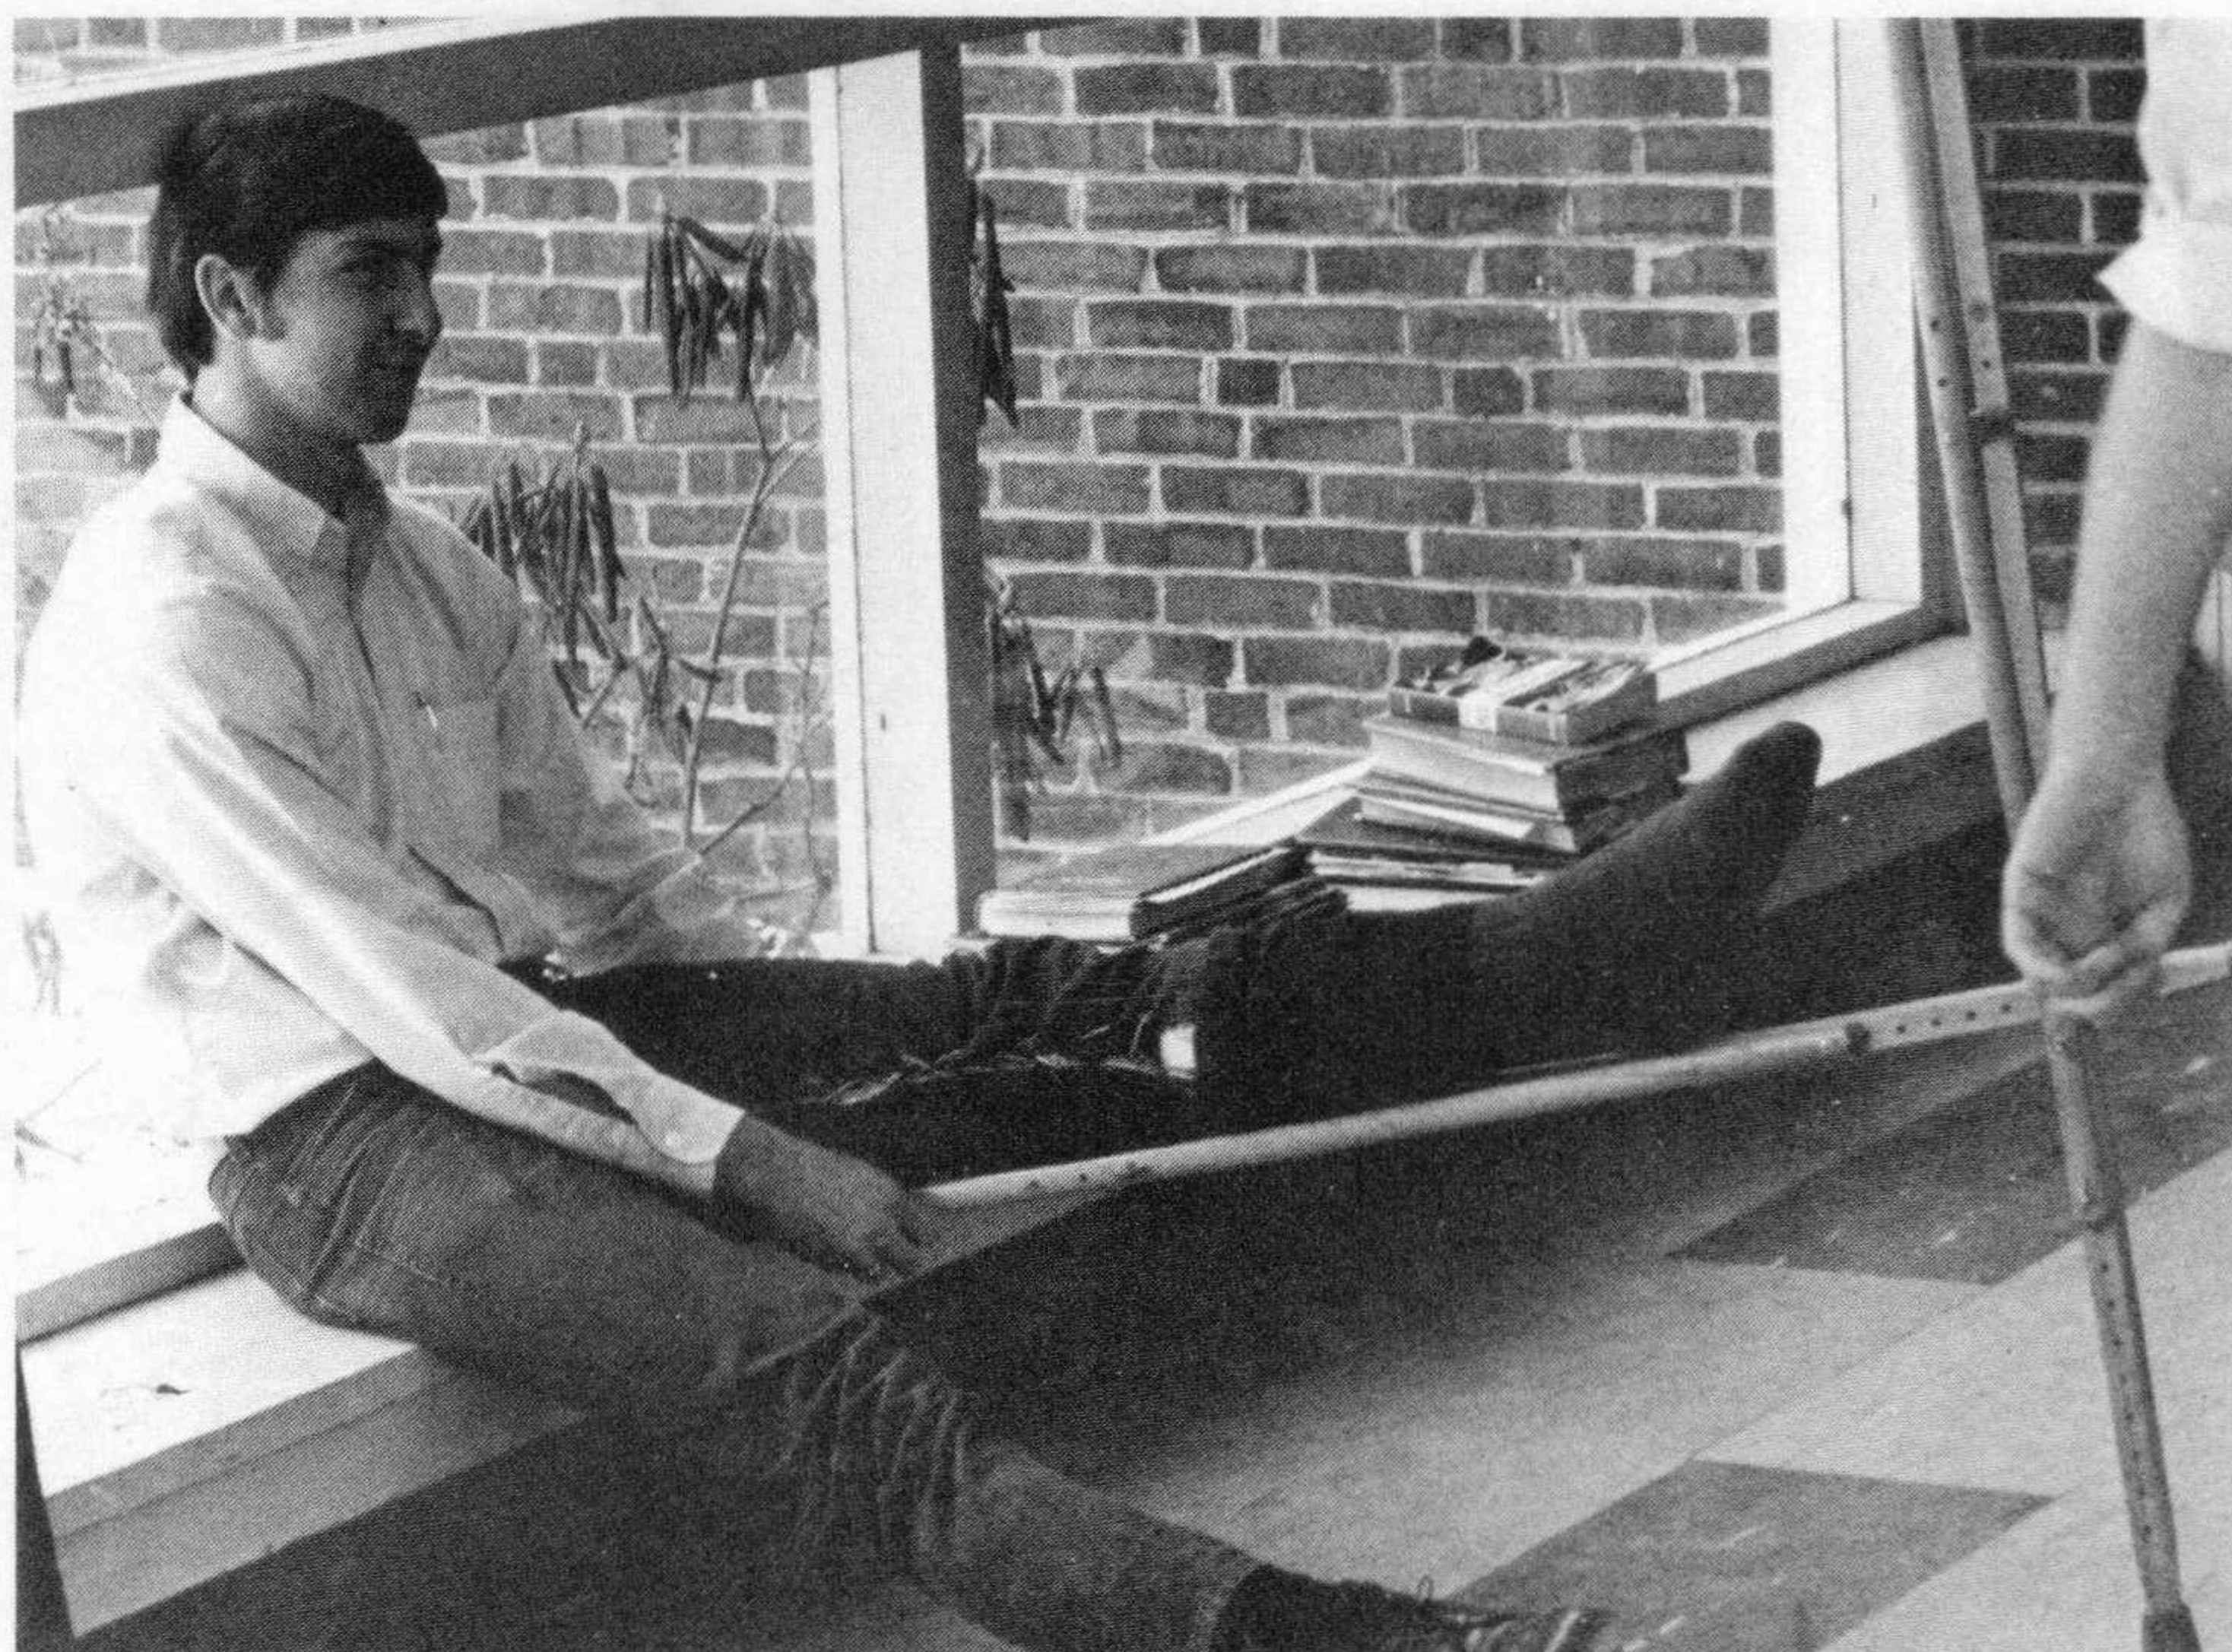

*BEFORE THE
RISING SUN,*

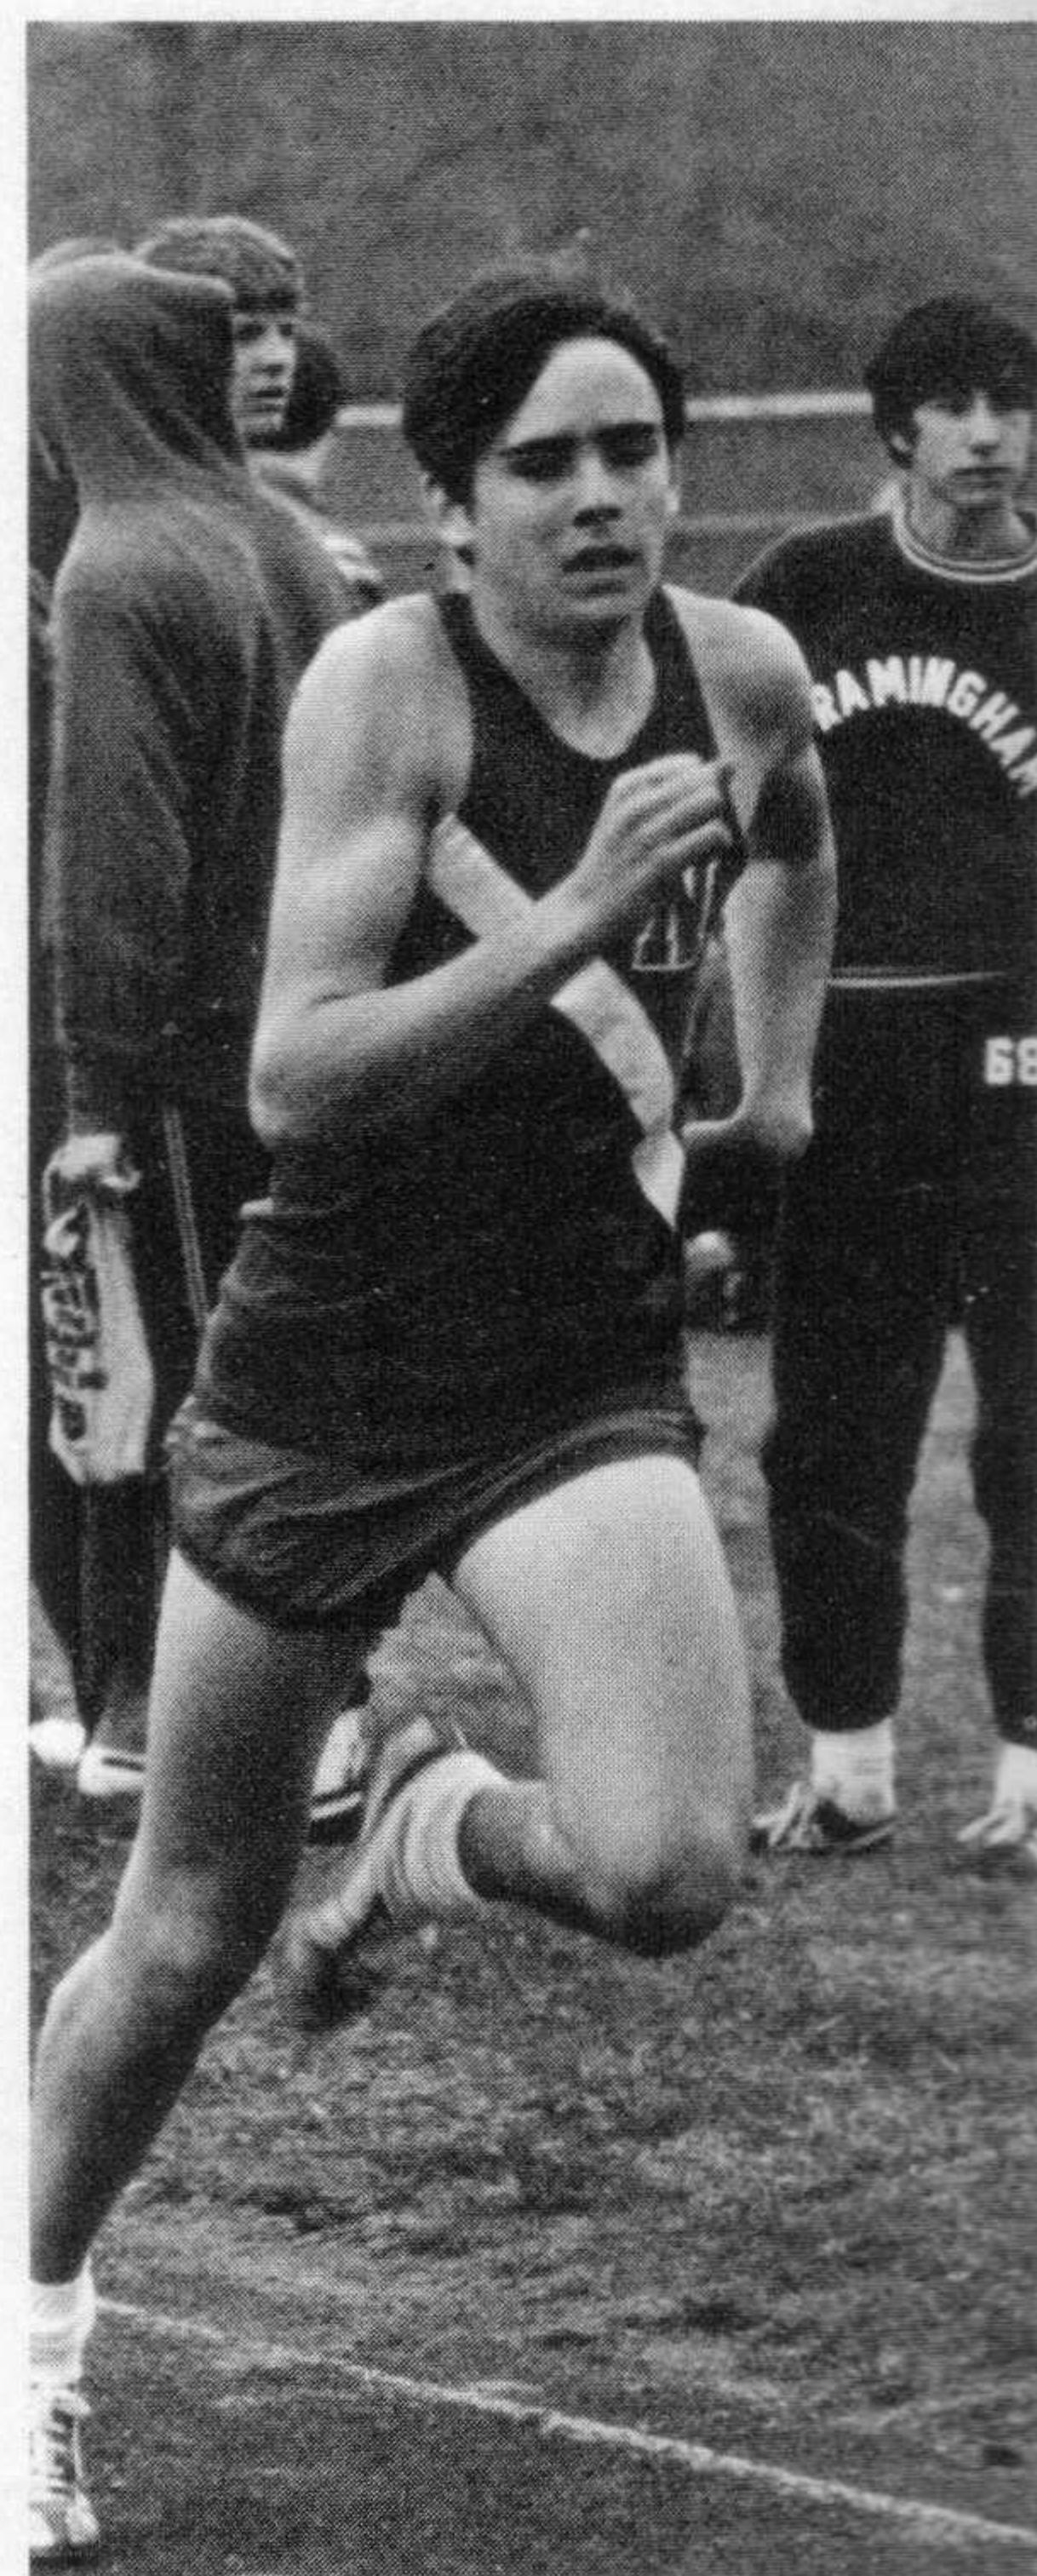

WE LIE,

*SO MANY ROADS
TO CHOOSE,*

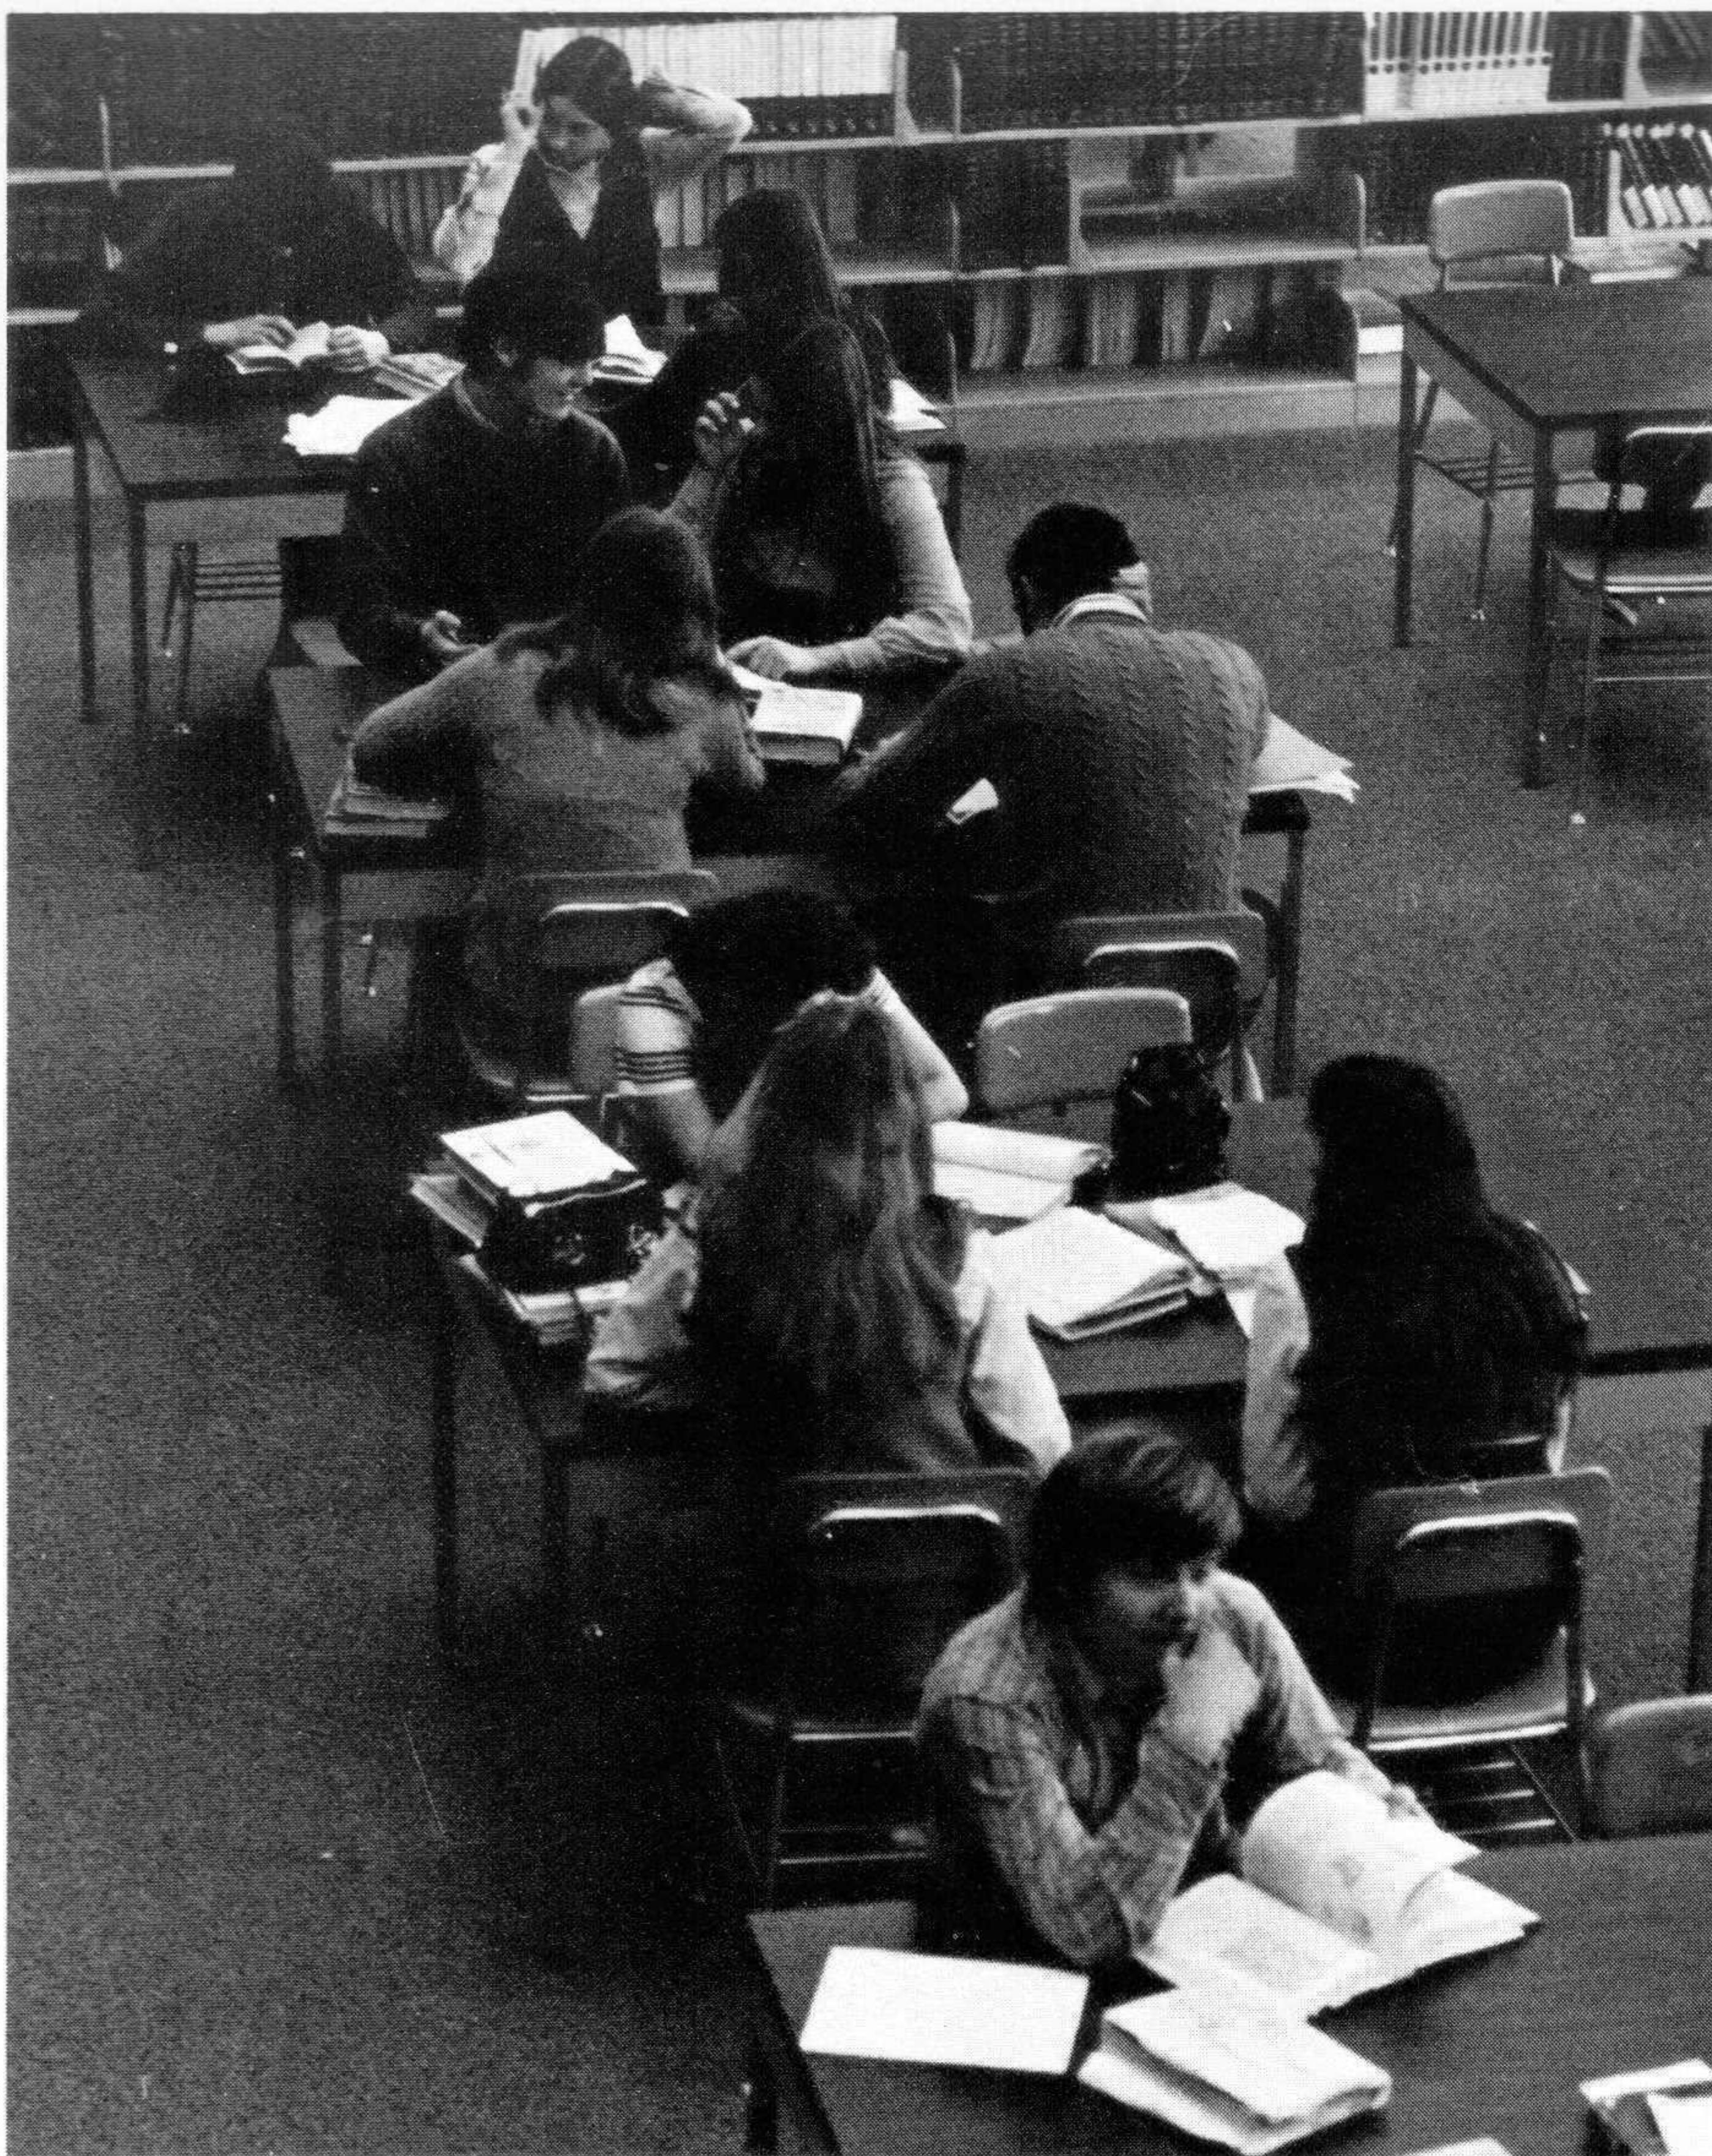

START OUT WALKING AND ...

LEARN TO RUN,

*SHARING
HORIZONS
THAT ARE
NEW TO US,*

TALKING IT OVER JUST THE TWO OF US,

WATCHING THE SIGNS ALONG THE WAY,

TOGETHER...

TOGETHER!

AND WHEN THE EVENING COMES,

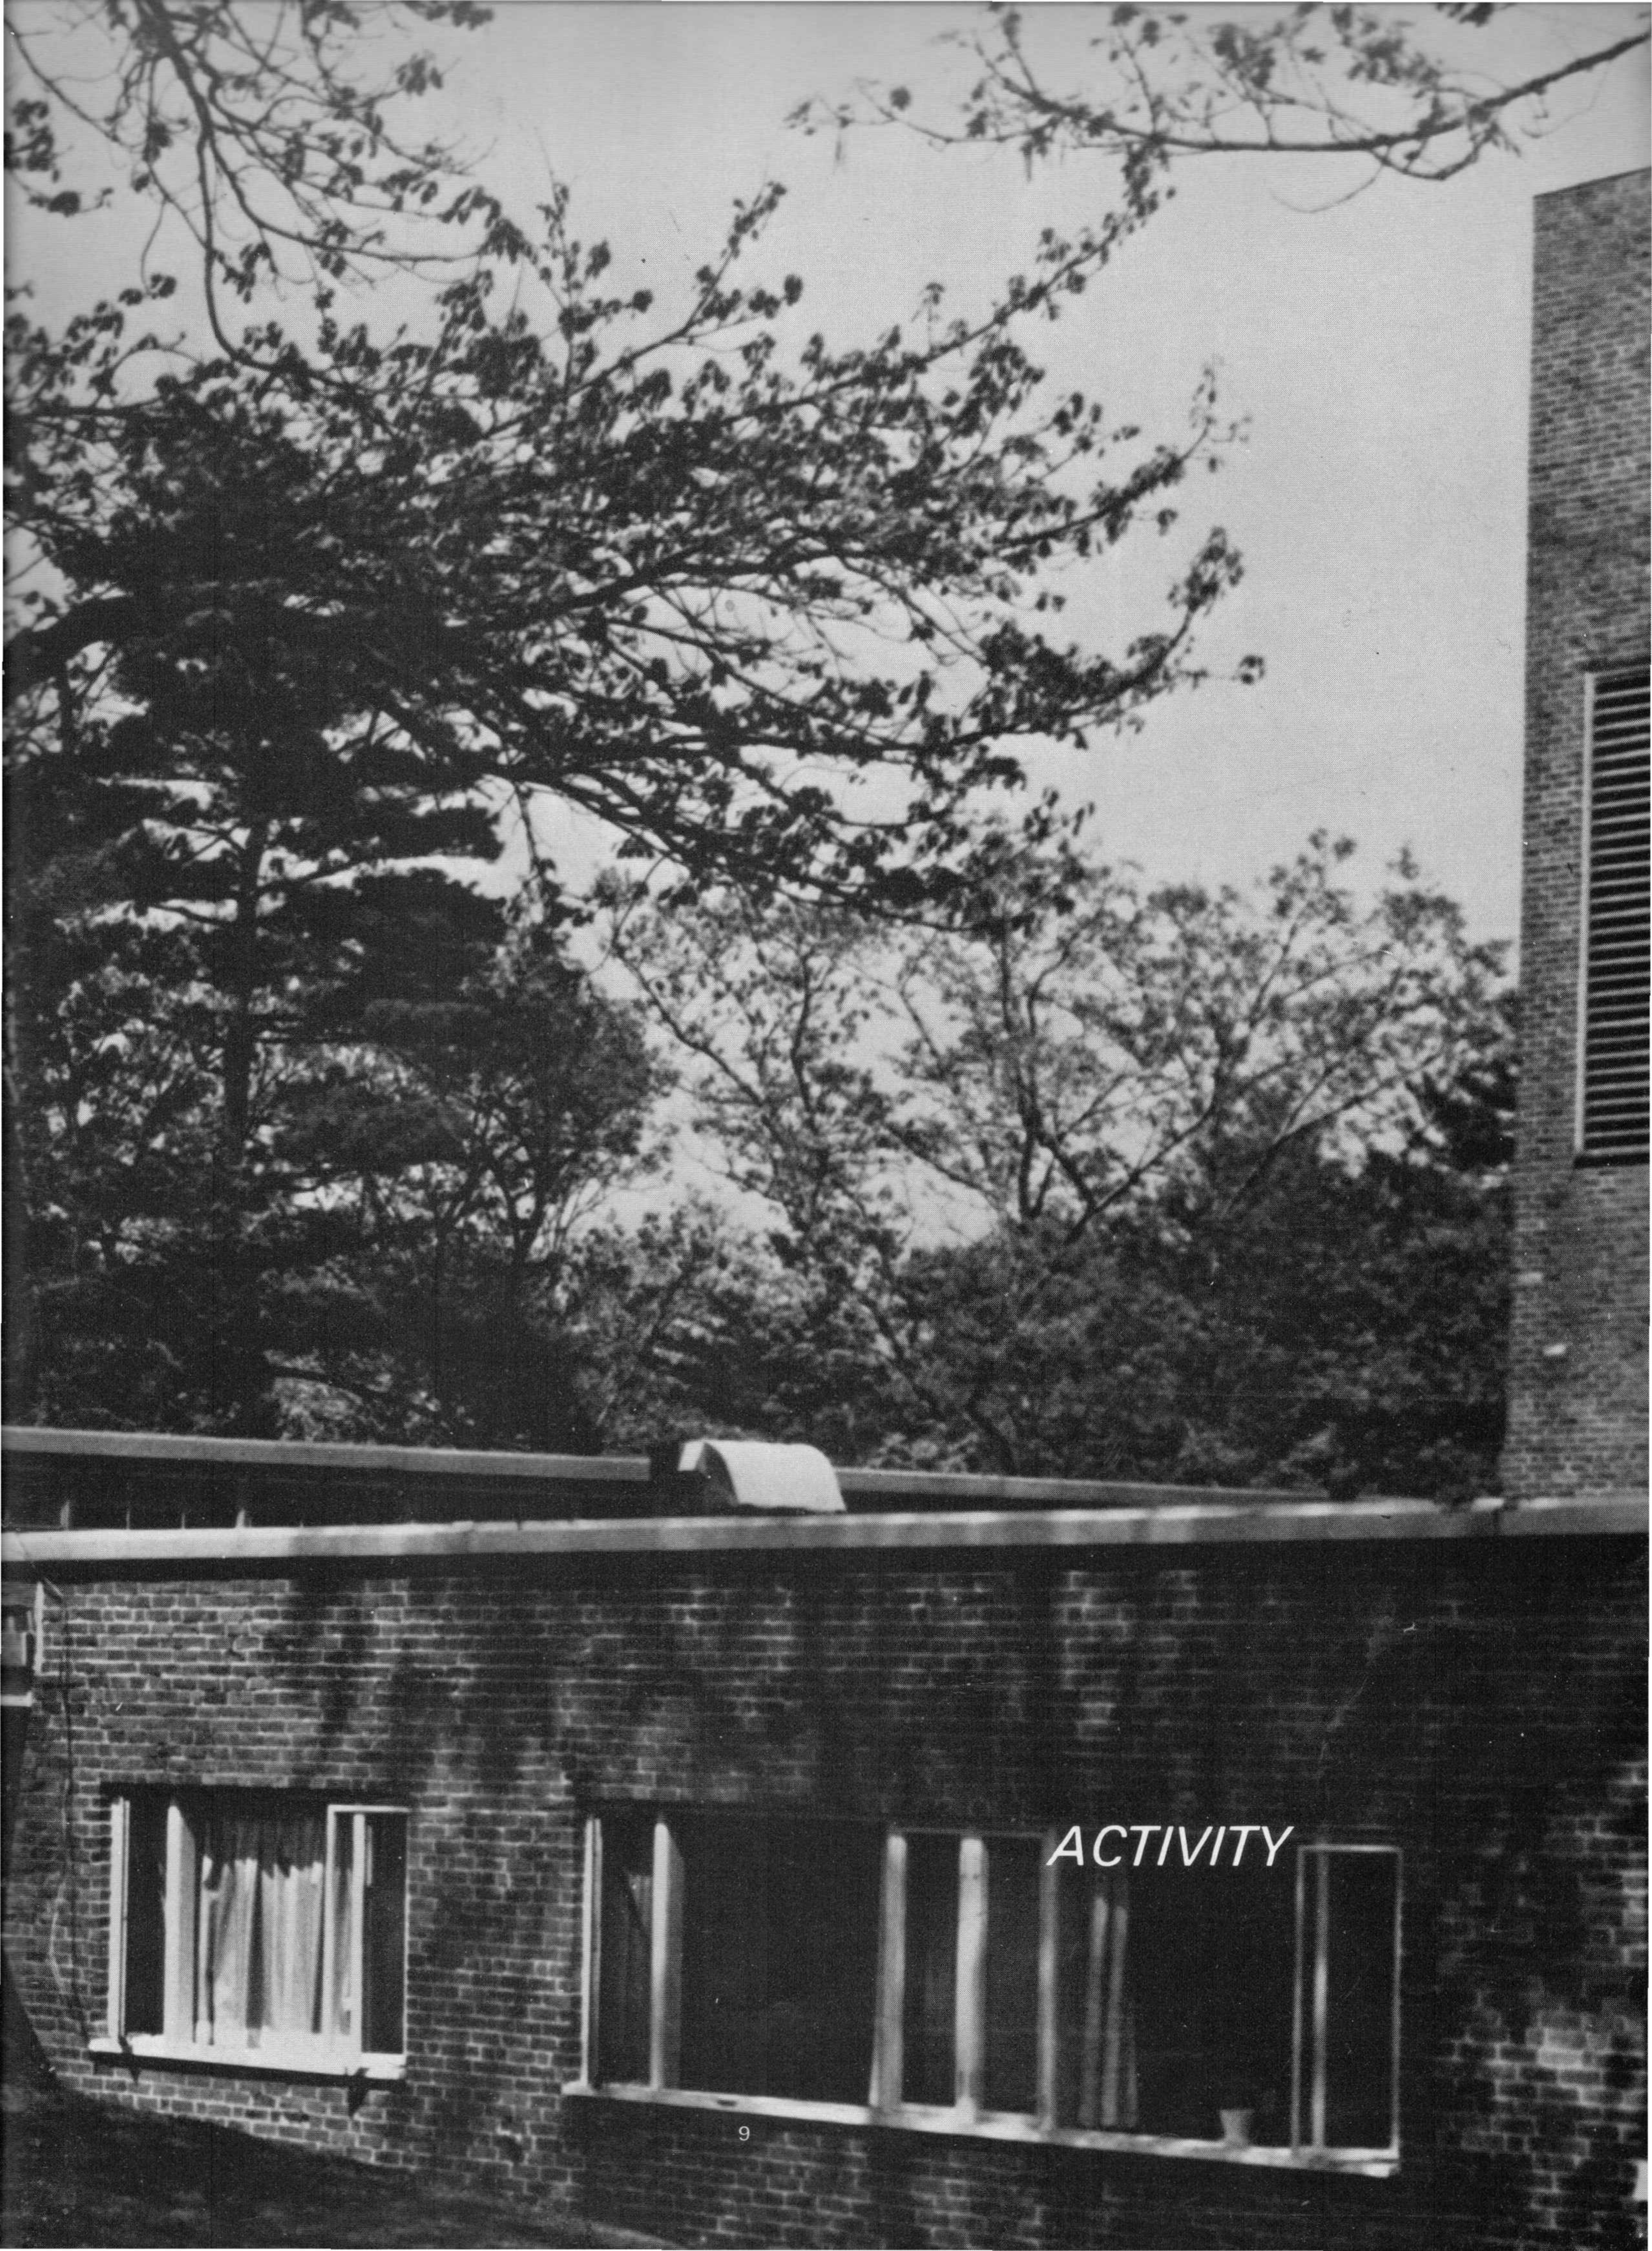

WE SMILE,

*AND FIND A PLACE WHERE THERE'S ROOM TO GROW...
YES, WE'VE JUST BEGUN.*

EXCHANGE STUDENT

Elizabeth Preiss

Born under the cusp of Virgo-Libra, and therefore having no chartable horoscope, Elizabeth Preiss, this year's American Field Service Student, from Pretoria, South Africa is certainly unique. But her lack of horoscope does not alone contribute to her uniqueness; instead, she is marked by her outlook on life — particularly life in America.

Contrary to popular belief, Liz did not leave a tree house and a wardrobe of various animal skins behind her in Africa. She left a normal family, who live in a normal house, and drive a normal car, even if driving is done on the left hand side of streets (which according to Liz is the only correct way.) So, there were no real changes in Liz's life style, besides trying to remember which side of the car is the passenger side.

In her spare time, which is a rarity for her, Liz busies herself amid many school activities. They include drama club, competitive speech, AFS, Student Council, and the All-School Musical SWEET CHARITY. She is also a member of the National Honor Society, though she feels she is only being kept on because of her sex appeal.

Elizabeth Preiss is crazy! Among her world famous quotes are gems such as "America is fattening", and "Let's go to Canada for Breakfast!" Liz had hoped that it would have snowed all winter. For the first snowfall of the year (1 inch) she ran outside at 1:00 AM in her pajamas and boots to play in the snow.

Frequently Liz attends school, sometimes for four days in a row! At other times, she is on A.F.S. weekends and speaking engagements.

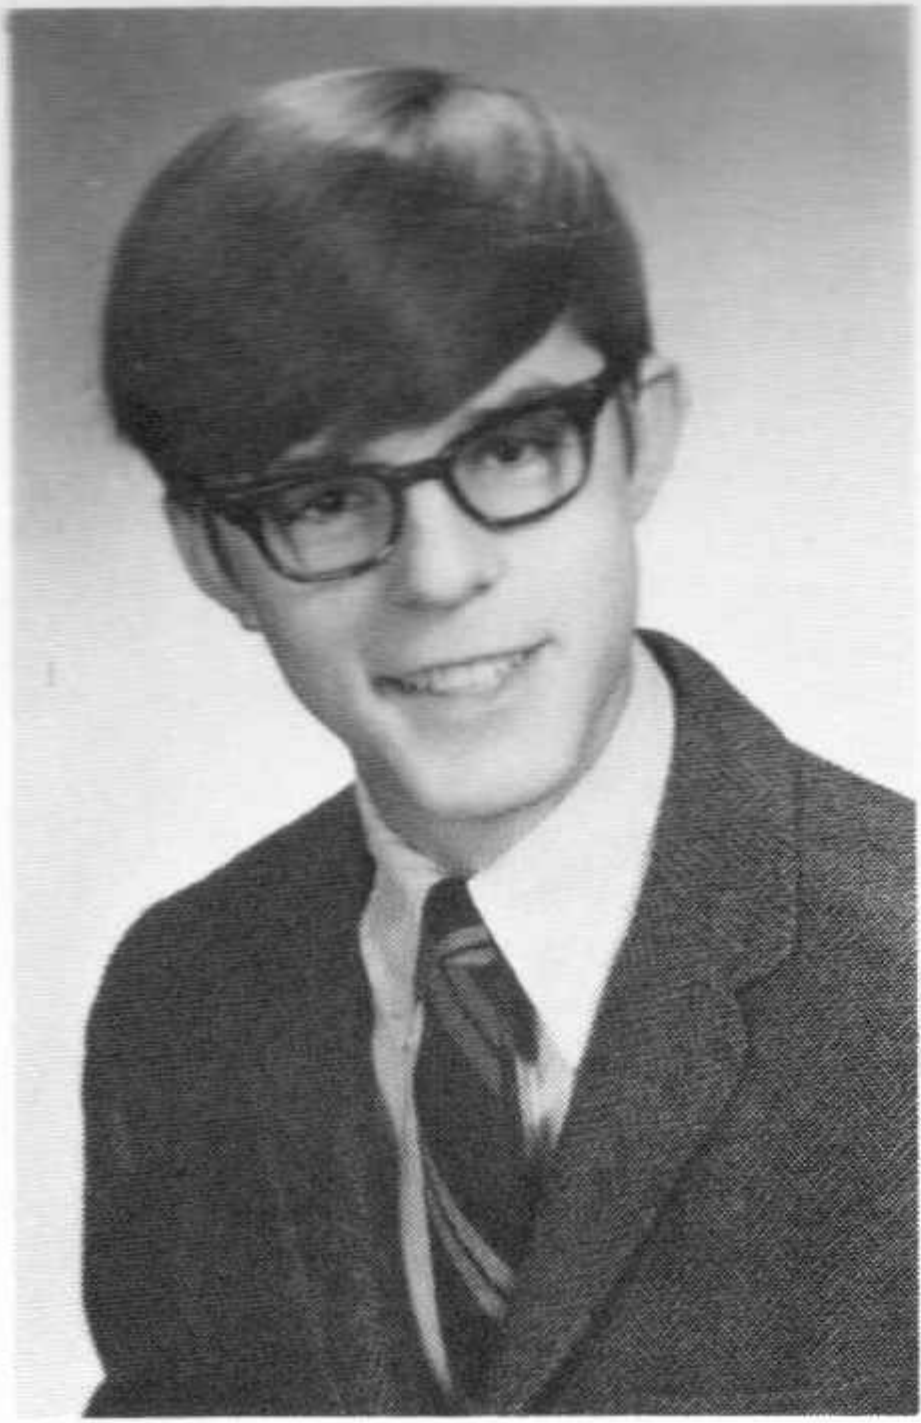

Community involvement plays a very important part in Elizabeth's life. She is active in the affairs of Temple Israel with her American parents, the David Elovitz's on a group tour. She is also a member of the Natick Peace Action Committee, and with this group traveled to Washington, D.C., for the April 24th Peace Demonstration. Her major problem there, she felt, was that she was too short to see over anybody's head. She had to moderate her activities somewhat for fear of being deported.

Liz says she is the only person in Women's Liberation with a sense of humor. In any case, she is a member of Natick-Framingham Women's Liberation.

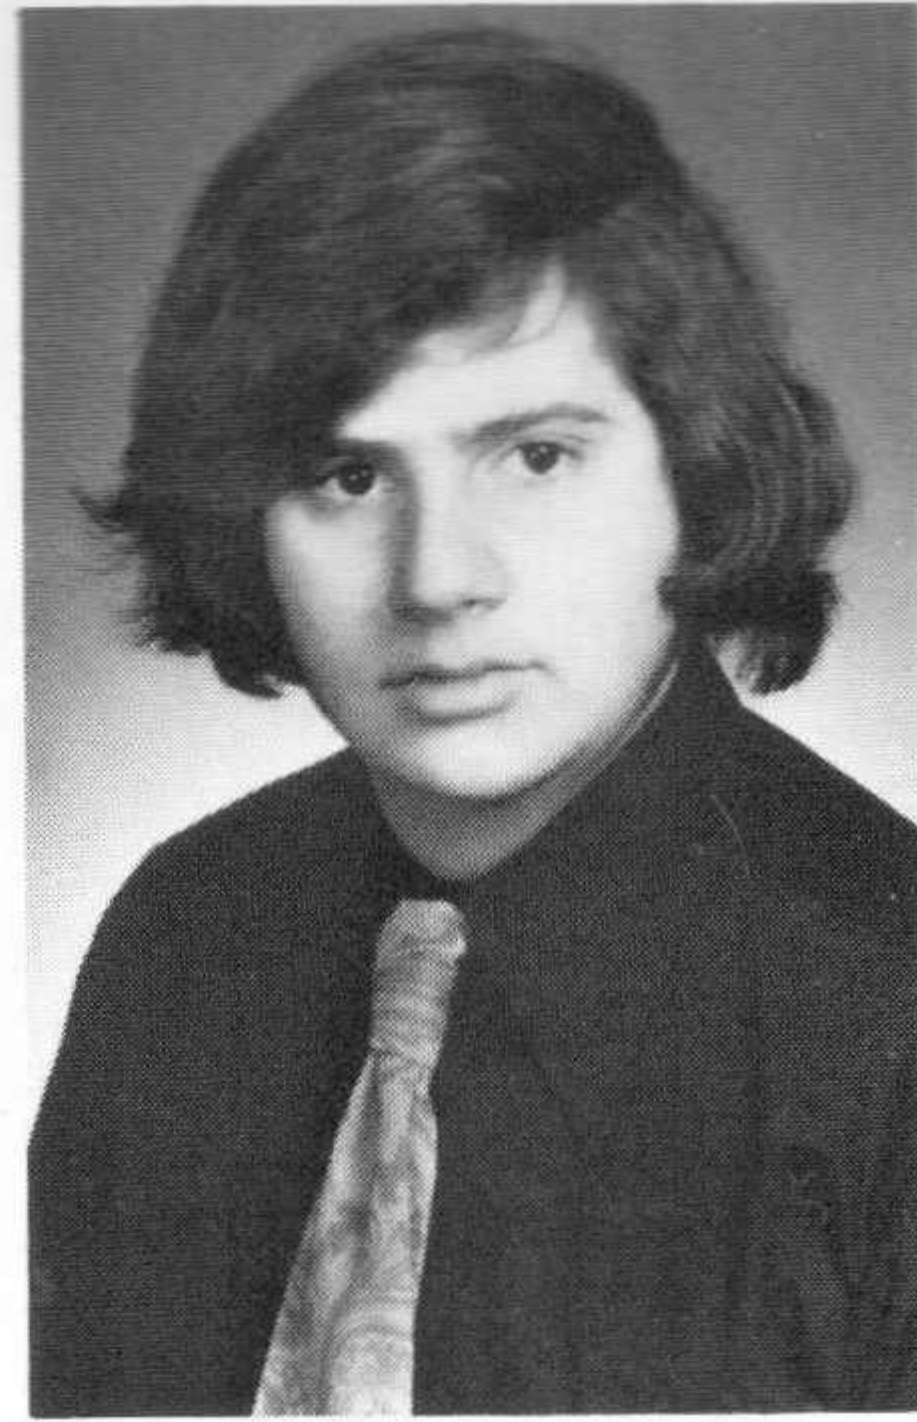

To those who know her, life at Natick High with Liz Preiss has certainly been an "experience". Someone who wears shoelaces in her hair can't be all bad.
